SUMMARY

I'm a passionate UI/UX Designer focused on crafting user-centered, visually engaging, and functional digital experiences. With strong expertise in Graphic Design, WordPress Development, and Front-End Development, I specialize in crafting intuitive interfaces that resonate with users. Combining creativity with a strong understanding of design principles and user behavior, I consistently deliver impactful solutions that exceed client expectations.

EXPERIENCE

UI/UX Designer

Elegant Media Pvt Ltd

September 2025 - Present, Colombo, Sri Lanka

- Designed intuitive and user-centric UI/UX interfaces for web and mobile applications.
- Ensured design consistency through style guides and visual standards.
- Conducted usability testing and refined designs through iterative improvements.
- Developed visual and graphic assets to support branding across digital platforms.

UI/UX Designer

Strategic Partnership Solutions Pvt Ltd

January 2024 - August 2025, Colombo, Sri Lanka

- Designed intuitive UI/UX interfaces for both web and mobile applications to ensure seamless user experiences.
- Conducted usability testing and applied iterative enhancements for optimized functionality and flow.
- Developed and customized WordPress websites, including theme and plugin integration, to meet client needs.
- Managed complete web project lifecycles, aligning visual design with technical implementation.
- Delivered high-quality graphic design elements that supported brand identity across digital platforms.

UI/UX Developer Intern

eBlix Technologies Pvt Ltd

August 2022 - November 2023, Colombo, Sri Lanka

- Conducted user research to inform user-centred design decisions and improve product usability.
- Applied HTML, CSS, JavaScript, and PHP to develop responsive, interactive web pages.
- Designed impactful visual assets for branding, marketing, and digital media across various client projects.

Freelance UI/UX and Graphic Designer

Self-Employed / Freelance

2021 - Present

- Collaborated with clients to design responsive, user-friendly interfaces for both web and mobile platforms.
- Provided graphic design solutions to enhance brand identity and visual consistency.
- Managed multiple projects effectively, delivering creative and timely design outcomes.
- Maintained up-to-date knowledge of design trends and tools to deliver modern, innovative solutions.

PROJECTS

'Vet Track' Equine Care Management Website & Mobile Application

Elegant Media Pvt Ltd

- Designed interfaces for both web and mobile platforms, focusing on creating structured rehabilitation plans for equine surgeons, while ensuring task tracking and progress monitoring (*Sketch, Adobe Illustrator*).
- Conducted extensive user research to identify challenges in current rehab tracking systems and developed user-centered solutions that improve clarity, communication and accessibility for all stakeholders in the rehab process.

'Infomate (John Keells Group)' Document Management Workflow System

Strategic Partnership Solutions Pvt Ltd

- Designed seamless user interfaces for both web and mobile platforms, covering all key scenes such as document uploading, workflow tracking, task assignment, approvals, and status monitoring for enterprise-level document management (*Figma, Illustrator*).

'Hotwok' Food Restaurant Website

- Designed a responsive and visually engaging restaurant website to showcase menus, manage reservations, and enhance customer interaction for 'Hotwok' (*Figma, Adobe Photoshop, Adobe Illustrator*).

'Dtycoons' Real Estate Website

- Designed a dynamic real estate website for property listings, agent profiles, and customer inquiries, improving user engagement and lead conversion (*Figma, Adobe Photoshop*).

'Chorustec' IT Solutions Company Website
Strategic Partnership Solutions Pvt Ltd

- Designed and developed a professional corporate website for 'Chorustec' to showcase services, portfolio, and company profile, enhancing brand credibility and client outreach (WordPress, JavaScript, HTML, CSS).
